RE: Revised Resource Eligibility/ Segment 13 (North Doswell to Elmont)
Southeast High Speed Rail Project, Washington, D.C. to Richmond Segment
DHR #2014-0666

Dear Marc,

The Federal Railroad Administration (FRA) and the Virginia Department of Rail and Public Transportation (DRPT) are continuing environmental studies associated with the Tier II Environmental Impact Statement (EIS) for the Washington, D.C. to Richmond segment of the Southeast High Speed Rail (DC2RVA) corridor (Project). The limits of the Project extend from Control Point RO (MP CFP-110) in Arlington south to the CSX Transportation ("CSXT") A-Line/CSXT-S-Line junction at MP A-11 in Centralia, Virginia (Chesterfield County), a distance of approximately 123 miles.

This project is receiving federal funding through the FRA, requires permits issued by federal agencies such as the U.S. Army Corps of Engineers, and will traverse federal land including parcels owned by the U.S. Marine Corps and the National Park Service, among others. Due to the involvement of these and several other federal entities, the undertaking requires compliance with the National Environmental Policy Act (NEPA) and Section 106 of the National Historic Preservation Act (NHPA), as amended. The FRA sent your office a project Initiation letter on December 11, 2014, formally commencing the Section 106 process, and the project's Area of Potential Effects (APE) was approved by the State Historic Preservation Officer (SHPO) on February 2, 2015, as required by 36 CFR 800.4(a)(1).

We are writing today to coordinate architectural identification studies within Segment 13/ North Doswell to Elmont (NDEL) of the larger Project initiative. Segment 13/NDEL includes the span between just north of Doswell Road on the north and Elmont Road on the south in Hanover County. Enclosed please find two hard copies and one electronic copy of the report entitled *Architectural Reconnaissance Survey for the Washington, D.C. to Richmond, Virginia High Speed Rail Project, North Doswell to Elmont (NDEL) Segment, Hanover County*. The report was authored by Danae Peckler with Dovetail Cultural Resource Group (Dovetail), a member of the DC2RVA Project Team. The report meets all standards set

forth in both the Secretary of Interior's Standards and Guidelines (1983) and the Virginia Department of Historic Resources's (DHR) *Guidelines for Preparing Identification and Evaluation Reports* (2011).

In total, the DC2RVA Project Team surveyed 264 architectural resources within the architectural APE within the NDEL segment (see attached Table for a full roster of these resources). Of these, 142 were previously recorded and 122 were newly recorded as part of this project. Six resources are listed in, or have been determined eligible/potentially eligible for, the National Register of Historic Places (NRHP), including one set of Civil-War-era earthworks (042-0836) and five historic districts: Ashland Historic District (166-0001); Randolph-Macon College Complex Historic District (166-0002); Elmont Historic District (042-5048); Taylorsville Road Historic District (042-5307); and Doswell Historic District (042-5448). It is recommended that these resources retain their eligibility status.

Fourteen previously recorded resources are recommended potentially eligible for the NRHP following this survey. Four are in Doswell, and they are recommended both individually eligible and as contributing elements to the Doswell Historic District: Doswell Depot and Switch Tower, 10577 Doswell Road (042-0093; 042-5466), the Doswell Inn, 10567 Doswell Road (042-0468), Tri-County Bank, Doswell branch, 10561 Doswell Road (042-0469), and Darnell Store (Squashapenny Junction), 10570 Doswell Road (042-0470). Seven are in Ashland and are recommended both individually potentially eligible and as contributing elements to the Ashland Historic District: Ashland Station Depot, 112 N. Railroad Avenue (166-0001-0008), Business Office, Randolph-Macon (Blackwell House), 310 N. Center Street (166-0001-0015), House, 702 S. Center Street (166-0001-0055), House, 708 S. Center Street (166-0001-0060), House, 1005 S. Center Street (166-0001-0077), MacMurdo House, 713 S. Center Street (166-0036; 166-0001-0063), and Hugo House, 904 S. Center Street (166-0037; 166-0001-0073). The final three resources, Judge Gwathmey House (042-0113), Sinton House (042-0420), and Dry Bridge at 10411 Old Ridge Road (042-0557), are not within a historic district and are recommended individually eligible for the NRHP.

Four newly recorded resources are also recommended potentially eligible for the NRHP based on this study. They include the Priddy House, 107 Stebbins Street (166-5041), Randolph-Macon College Historic District Expansion (166-5072), the Berkleytown Historic District (166-5073), and Dabney Funeral Home (166-5073-0010).

The remaining 240 properties recorded as part of this survey are recommended not eligible for the NRHP as individual properties. Half of these 240 properties (n=120) are recommended as contributing elements to their surrounding historic districts. These include the Elmont Historic District, Doswell Historic District, Ashland Historic District, Berkleytown Historic District, and Randolph-Macon Expanded Historic District. A breakdown of these resources can be found in the attached table and following concurrence pages.

801 E. Main Street, Suite 1000
Richmond, VA 23219

Six previously recorded resources located within the architectural APE were omitted from this survey as they were formally evaluated by DHR staff within the past five years and found to be not eligible for individual listing in the NRHP. All six of these ineligible resources are contributing elements of the Taylorsville Road Historic District (042-0397, 042-0398, 042-5300, 042-5301, 042-5160, and 042-5161).

We invite your agency to concur with these recommendations within 30 days of receipt of this letter. If you have questions about historic property studies for this project, please do not hesitate to contact me or Heather Staton at (540) 899-9170 or via email at kbarile@dovetailcrg.com/hstaton@dovetailcrg.com.
