Side: 20' total (6' min.)
Street side: 20' min.
Rear: 20' min.

Lot Size

6,000 sq.ft. or 1 acre Townhome, Cottage Court,
and Multifamily

Height

Maximum 35'

If an accessory structure is over 15', then it must meet setbacks of main structure.

Types of Homes and Uses

Single-family, detached or attached homes

Duplex with a CUP

Cottage Court

Multifamily

Townhome

Accessory apartment with a CUP

Parks, if over one acre then a CUP is required

Windows

15% minimum of the building façade shall consist of windows (any opening in a wall, roof, dormer, front door, or garage door which functions or appears to function to admit light).

Façade Area Calculation

Not calculated = fascia board, dormer face, roof area,
side projections for bay windows or fireplace, or foundation

Window Area Calculation

Front door glass, sidelights, and garage windows are included

Consistent Materials

Exterior materials on the majority of the façade must be consistent with the materials on all other elevations; includes additions to existing homes.

Example: Home with a majority brick façade and majority vinyl sides would **not be permitted**.

Foundation

Concrete masonry units (cinderblock) can not be visible from the road or a neighboring residential property.

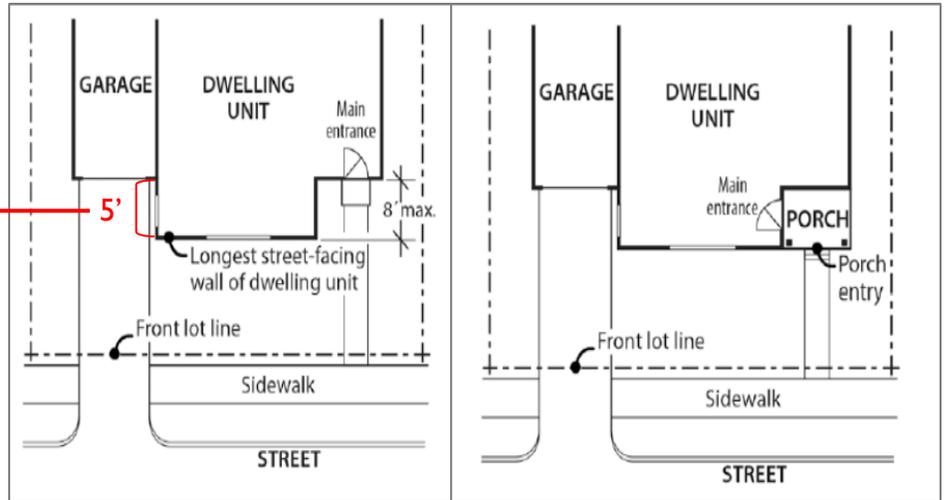

Landscaping or other building materials can be used to cover a cinderblock foundation; paint is not acceptable.

Garage Location and Front Door

One street-facing entrance is required. Entrance can be setback from the façade up to 8', open at an angle up to 45 degrees, or open on to a porch.

Attached garages must be setback minimum 5' from the façade.

Sewer and Water

Public water and sewer connections are required on all new lots in Ashland.

Contact Hanover Public Utilities with public water and sewer questions at (804) 365-6019 or visit their website (hanovercounty.gov/Public-Utilities).
